

Introducing the AI SonoAssistant: Revolutionizing Ultrasound Education

Vienna, Austria

123 Sonography GmbH unveils the AI SonoAssistant, a groundbreaking AI-powered platform revolutionizing ultrasound education. Fully CME certified, this innovative tool promises to redefine the learning experience for medical professionals worldwide. The AI SonoAssistant, equipped with advanced machine learning and natural language processing technologies, offers seamless access to a comprehensive range of educational content. Its interactive chatbot interface facilitates dynamic interaction, providing users with an immersive multimedia learning experience.

"We are delighted to present the AI SonoAssistant, revolutionizing how healthcare professionals learn, enabling them to continually develop their expertise and elevate patient care," says Univ. Prof. Dr. Binder, Founder and CEO of 123sonography.
